

Cebi Group, headquartered in Steinsel, is a leading developer and manufacturer of components for automotive applications, household appliances, ventilation, electric vehicles and other industrial applications, employing more than 3000 people. Cebi Group is indeed present in 8 different countries with 11 production sites, and has produced in 2016 consolidated revenues exceeding 450 million Euro. Among its customers are the most prestigious automotive and household appliance manufacturers.

Cebi Luxembourg S.A., the production company located in Steinsel, was founded in 1976 and employs more than 600 people. Cebi Luxembourg is specialised in the production of bimetallic thermostats, thermistors, temperature and level sensors, diesel fuel heaters, blow-by and PTC air heaters as well as windshield and headlamp cleaning systems including water tanks. With more than 40 years of know-how, Cebi Luxembourg is the European leader in the field of temperature control.

Cebi Luxembourg produces an average of 300.000 finished products per day. All Cebi-products are developed in its internal research and development department and tested in its own laboratory. The company is certified ISO/TS16949 as well as ISO 14001.

To support its ongoing expansion, Cebi Luxembourg S.A. is looking for talented people (m/f) in different areas of expertise:
